Project Title: Quick Guide to Taylor Swift's Career

For this project I want to make a quick guide about Taylor Swift's Career for people who are unfamiliar with the topic. I want to have one page for each section of her career, using a timeline-like navigation bar at the top.

- **Home page/introductions-** Introduce purpose of site and current Taylor Swift news
- **Career beginnings in country: Taylor Swift, Fearless, Speak Now-** Explain how she began her career in Nashville and rose to fame within the country scene
- **Transition to pop: Red and 1989-** Explain how she transitioned into the pop sphere and became a household name with these two albums
- **Height of pop: Reputation and Lover-** Contextualize the controversies surrounding Reputation and her master's being stolen during the Lover era
- **Return to folk: Folklore and Evermore-** Effects of the pandemic on Swift's career
- **Eras tour era: Re-recordings, Midnights and The Tortured Poet's Department-** Advancements of Swift's career with the eras tour including the re-recordings, concert film and two new albums released amidst touring
- **Sources-** List of sources used for information and images including [wikipedia page](#)
